It's been a busy and wonderful 2017-2018 school year! With the implementation of our new eight-period schedule, students were able to participate in a variety of new courses this year including Culinary Arts, Guitar, Science Fiction and Fantasy, Lifetime Sports, Criminology, Watercolor Painting, and more. It's been a joy to watch students explore new subjects as well as spend more time pursuing their areas of interest.

As we prepare for next year, we're excited for some additional new courses including Traffic Safety Education, as well as each student receiving a technology device. This year our staff has been learning how to effectively utilize these powerful new instructional tools. In preparation for students bringing these devices home, may I challenge you to do some “*summer homework*”? [Technology Resources for Families](#) has a wide variety of excellent resources to help families utilize electronic devices in meaningful, positive ways.

We are so fortunate to work with our amazing students each day; thank you for sharing them with us. We hope your family has a safe and memorable summer break, and we'll look forward to seeing you in August. Go Raiders!
